## What's in it for me?

Being a Knight is much more than just the camaraderie, supporting your local Catholic church community, and deepening your own faith. It is also about protecting and enhancing your family life. In 1882, our founder, the Venerable Fr. Michael J. McGivney, passed the hat to support the widows and children of brother Knights who had passed away, leaving the families without income. His program evolved into one of the largest individual life insurers in North America today, open only to members of the Knights of Columbus.
